Balls

Volunteer umpires are required for the 1st round of the knockout stage, thereafter the loser(s) on each table must stay and umpire the following match on the same table, unless they are rostered to play again.
A maximum of 2 minutes only is allowed for a warm-up before starting each match.
Umpires are to time this warm-up period and then players must start the match.

We will deliver match cards to the tables, but the winners of each match should check the result card has been completed correctly and then return it promptly to the control desk.
